J. B. WHITE

Eureka Springs, Ark.

In Wichita they are getting ready to celebrate the 100th Anniversary of the Old Chisholm Trail. The Wichita of to-day is a far cry from the terminus village that old Jess Chisholm knew. Wichita has some 50,000 people and one of the better business centers of Kansas.

Most of the young men about town are wearing beards. On the whole they look about as sparse and premature as those worn in Cameron during the so called observance of the Centennial here. I questioned a few of them but none seemed to know anything about Jess Chisholm. I saw a minister who was doing a little moustache and sideburns but I didn't have the heart to tell him about old Jess Chisholm's creed. We are indebted to the late Dean T. U. Taylor of the University of Texas who compiled the only known authentic work on the old trails. In his life sketch of Chisholm he prints the creed. "I don't know nothing about the Bible and I ain't got no use for preachers," old Jess said, "I take things as they come and trust all things work out well in the end."

Many confuse the Chisholm trail with the Chisum trail in Texas. The Chisholm trail ran through Oklahoma and into Kansas and Chisholm was not a cattle driver to speak of. He traded with the Indians. Texas' own Jess Chisum was born in Red River county. He gravitated to New Mexico during the Lincoln County war and was a friend of Billy The Kid. He was one of the great cattle drivers of all time next to Charles Goodnight.

Jess Chisholm married a Cherokee Indian woman and was a brother-in-law of General Sam Houston. He died of cholera morbus from eating bear grease kept too long in a brass kettle.

At Joplin, Missouri, we turned south in to Arkansas and to the Ozark mountains, hoping to find a cool spot but we were disappointed. The heat wave had engulfed the beautiful country of the Ozark range. Here is one of the most absorbing scenes on the continent. Arkansas has made more progress than any other state in the Union. While it is still a poor state industrially it is the richest in timber resources. The Arkansas Traveler remains unique in his mode of living and philosophy but tourist trade is giving him the commercial complex. Eureka Springs is called the Switzerland of America. Perhaps no other city is more beautiful or more picturesque. Stairsteps would greatly aid pedestrians in negotiating the streets where sometimes every floor in a building is on the ground and here is one for Ripley.

After a night in Eureka we drove back to Gateway and turned west toward Fort Smith with Texarkana our goal to hit dear Old Texas. People from Texas and the north are buying Arkansas land and building swanky pine log homes in the Ozarks. In the main the natives cling to the hills and their homes, raising fruit and taking life easy. The state is rich in minerals also. The farms are small plots on hillsides. Literally a farmer can fall out of his field. The state is blessed with good water. To-morrow Van Buren, Fort Smith and home.

Fort Smith, Arkansas
From Gateway to Fort Smith is one of the longest streets in the world, a continuous town and tourist cabins. At Rogers the principal industry is a winery and a vinegar distilling plant. Here is the apple and grape area. At Van Buren we stopped for a look at the home of Bob Burns, stage and screen comedian. The folks at Van Buren are proud of Bob and they take his jokes in their stride. It was Bob who said they should have taken men from Arkansas to the jungles of the South Pacific because it's harder to find the barn at Van Buren than to get through a jungle. The fabled razor back hog is no more unless they survive in the University of Arkansas football team at Fayetteville Tough? Burns says a shoat down on Uncle Fuzz's farm near Van Buren ate a box of dynamite and a few (turn to page ten)

HOG LAW IS APPROVED

MAJORITY OF 39 VOTES
RETURNED FOR MEASURE

The proposed hog law for the Liberty, Hanover, Gause and Marlow areas, was adopted by a majority of 39 votes in the special election Saturday.

Gause returned a strong majority against the proposed law but the other voting places, Marlow and Hanover returned majorities for the law. The vote was as follows:

	For	Against
Marlow	27	0
Hanover	39	13
Gause	29	63

The total vote was 115 for and 76 against the measure. The election was held largely to define the limits of the area which in the past has been confusing. Little River, the Brazos and two highways are now the boundaries of the district in which hogs, sheep and goats are restricted from running at large.

The new law will go into effect when the vote has been canvassed by the Commissioners Court and results declared.

FALL FROM TRUCK HERE INJURES WAYNE CLARK

John Wayne Clark, 12 year old son of Mr. and Mrs. J. W. Clark, is in Newton Memorial Hospital, with a skull fracture and other serious injuries as the result of a fall from a moving truck here around 5 p. m. Sunday.

According to information available to the Daily Herald, a group of boys were returning from the swimming pool at Wilson-Ledbetter Park when John Wayne fell from the truck.

According to witnesses the injured boy's hat blew off and as he jumped up to recover it, he lost balance and fell from the truck. He was taken to the hospital few minutes later where the attending physician said his condition was serious but indications were he will recover if no complications arise.

BOND AMENDMENT HAS CLOSE CALL IN COUNTY

Results from the special election in Milam county Saturday were being tabulated at the office of the county clerk Monday morning.

Indications were that the proposed State Bond issue for 60 million dollars to aid the University of Texas and other state schools may have a close call and could be defeated in the county based on returns shown.

In Cameron the majority was substantial. At Precinct 22 the vote was 43 and 19 against and in Precinct 1 in the city the vote was 40 for and 27 against.

If this ratio of majority results over the county the amendment will be approved substantially. The vote was very light.

The proposed re-allocation of the Jury Fund was apparently approved by a substantial majority.

FAITH IN FUTURE OF CAMERON EXPRESSED

Henry F. Lippman, widely known Cameron business man, has purchased the building formerly occupied by the Bon Ton Bakery from Mr. and Mrs. Fred Jackson.

This building is located on North Central Avenue and adjoins the new B & B Studio building.

Mr. Lippman, already a heavy investor in Cameron real estate, expressed his faith in the future of the city by investing further in buildings in the mercantile area. Mr. Lippman owns two buildings on West Main where his stores are located.

Mr. Lippman plans to rent the building he has just purchased but has not yet contracted it.

Some changes of importance are in the making on West Main Street. They visualize new store spaces, new quarters and a bit of moving. No new construction is yet projected.

LITTLE RIVER CEMETERY ASSN. TO MEET SUNDAY

Little River Cemetery Association will hold its annual meeting on Sunday, August 31. It has been the custom of the association to meet on Sunday preceding Labor Day and this year the meeting will precede the national holiday and will come earlier than usual.

J. R. (Dick) Young of Cameron, President of the Association, said that since there is no Sunday preceding Labor Day in September this year the August 31 date was fixed to keep the meetings preceding Labor Day.

The meeting will be held at the Little River Church at Jones Prairie.

Rev. John Mills, former pastor of the church and now a Missionary to Africa will deliver the address. It will be an all day meeting with picnic and speaking. The cemetery will be worked and cleaned.

24 INSURANCE POLICIES REINSTATED BY VETERANS

Since April 1 veterans of World War II have reinstated 23 "GI" insurance policies at the Cameron Veterans Administration office, contact representative Darwin S. Holton has reported.

During the same period 918 policies, totaling \$5,602,500 were reinstated by the combined contact of offices of the Waco VA region.

Policies renewed by the Cameron VA Office totaled \$86,000.

An increasing number of veterans are using terminal leave bonds as payment in reinstatement. Mr. Holton added. Bondholders may assign the bonds to VA to pay premiums for "GI" insurance either in force or being reinstated. For further information inquire at the Veterans Administration Office located at 206 N. Central, Cameron, Texas.

OK. LUNCH PROGRAM

LLANO MAN IS KILLED

16 SCHOOLS APPROVED
FOR LUNCH PROGRAM

Sixteen Milam county schools have been approved for the lunch program it has been announced here by Chas. M. Hicks, county superintendent.

Milam county was the first county to get approval at the Department of Education in Austin. Mr. Hicks has been advised.

An increase in the cost of meals to the students will have to be made because the government has cut down its appropriations for the school lunch program. The amount of the increase has not yet been determined.

The government reimbursement has been reduced from 9c to 6c on complete meals with milk and from 7c to 4c on the complete meal without milk. Because of these reductions and the increased cost of foods each child will have to pay more for meals. Since the lunch program is not a profit basis the cost will be based upon the price levels of foods.

The following schools have been approved: Belmena, Ben Arnold, Buckholts, Curry, Davilla, Marlow, Maysfield, San Gabriel, and Sharp.

The following negro schools have been approved: Baileyville, Beals Chapel, Caddo, Davilla, Hoyte, Sharp, and Two Mile.

First National Bank Man Personnel Are All Ex-Service Men

An advertisement for First National Bank in Cameron this week reveals that all man personnel in the bank are ex-service men.

Lester Williams, President of the bank is a navy veteran; A. K. Gurceky, Cashier is a navy veteran, R. A. Marak, assistant cashier is an army veteran; John Henry Wilson is a veteran of the army air corps and Tom Hobson, bookkeeper is a marine veteran.

The advertisement announces that Terminal Leave Bonds will be cashed for veterans without charge or obligation. These bonds can be cashed beginning September 2.

The bank has the unusual distinction that all men working there are GI's.

The invitation to former service men to cash their leave bonds at this bank concludes as follows: "Every man working here is a G. I. and will welcome this opportunity to be of service to his buddies."

Post greetings from Mrs. Jeff T. Kemp tell of the nice trip she is enjoying with Mrs. Rosa Kemp Adams, and her sister, Mrs. George Byrom and Charles Kemp, who are now in Washington D. C. as guests of Mrs. Kemp's daughter, and husband, Mr. and Mrs. William S. Brown in Virginia and Washington D. C.

Mrs. Carl A. Hooker of Wyoming has been visiting in the home of Mr. and Mrs. Deer this week.

DEFENSE PACT IN WEST

19 AMERICAN REPUBLICS TO RESIST AGGRESSION

Nineteen American republics agreed today to fight jointly against any armed aggression occurring in a western hemisphere "security region" extending from the Arctic to the Antarctic.

The proposal, sponsored by the United States, was accepted unanimously by the delegates to the full inter-American conference committee on aggression and enforcement measures after a 14-nation subcommittee approved it earlier.

The only nations not voting on the agreement were Nicaragua, which was not invited to the conference, and

RAY CHAFORD DEAD IN CAR WRECK SUNDAY

Ray Chaford of Llano, 33, was killed at 12:15 Sunday morning on Highway 79 between Milano and Rockdale when his car crashed the railing of a bridge across Sandy Creek.

Sheriff Carl Black went to the scene of the wreck and reported that all indications were that Chaford may have gone to sleep at the wheel of his car causing the accident.

Chaford was taken to Milano for treatment following the accident and died there shortly after the crash.

The body was being returned to Llano for burial. According to officers Chaford was alone in his car at the time of the accident.

Horstmann Brothers Issue Buyers Guide In Merchandising

Horstmann Brothers Tire Store have issued a buyers guide in the form of newspaper advertising that takes on the proportions of a big sale at their store at 205 South Houston Street.

Its good news through and through because it lists hundreds of items and what's more quotes a price. Getting back to the old and saner methods of merchandising means advertising and price quoting.

Hostmann Brothers have been consistent users of newspaper space through the more than 25 years they have been in business here. Building their own business and building a community because they have much to sell and advertise it.

The present sale is store wide and on practical every day needs on things ranging from automobiles to fishing cord with a lot of desirable things in between. You will want to attend this sale.

RETURNS ARE IN FROM ALL SAVE 1 PRECINCT

Milam county voters returned a majority of 14 votes against the school bond amendment on Saturday.

Returns have been compiled at the office of Homer Nabours, county clerk, from 47 boxes. Only San Gabriel returns are missing from the total.

The vote was: For the amendment 414 and against 427.

The voters approved the re-allocation of the jury funds by a vote of 619 for and 245 against.

An error is noted in the returns from Marlow as reported Monday. The correct vote was 23 for the hog law and none against. This figure reduced by 4 votes the majority in favor of the proposed law.

Mrs. N. J. Smith, mother of Bill Storey is ill at her home.

WACO WOMAN DENTIST CHARGED IN 3 CASES

Three felony indictments were returned here late Monday by a Grand Jury in District Court against Ola Dee Massey, woman dentist, of Waco.

The indictments are based upon complaints filed in connection with the abduction of Mrs. R. H. Johnson, prominent Cameron woman, and the subsequent robbery of her home in Cameron.

Dr. Massey was indicted for kidnapping, burglary and felony theft. Jewelry and other valuables, were found in the Massey home in Waco and recovered by Milam county officers.

The charges against Dr. Massey grew out of her visit here on Tuesday, July 8. Mrs. Johnson, aunt of Dr. Massey, was in St. Edward's Hospital, a patient of Dr. John Lane Baskin. According to officers, Dr. Massey came to Cameron and suggested that Mrs. Johnson return to her home in Cameron. She readily agreed and did not suspect what Massey had in mind. As the car left the hospital grounds Dr. Massey turned north on Highway 77 and took Mrs. Johnson to Waco where she placed her in a hospital. Mrs. Johnson realizing what was happening resisted but could not escape from the car as it sped along the highway.

Mrs. Lela Phillips of Waco accompanied Dr. Massey to Cameron on that date. She was charged in the cases but no indictments were returned against her.

According to further information, on the following day after Mrs. Johnson had been placed in a Waco Hospital, Dr. Massey and Mrs. Phillips returned to Cameron and entered the home of Mrs. Johnson.

Dr. Massey obtained keys to a locked box in a local bank but was refused when she asked to unlock the box. Jewelry, silverware, watches and other items of value were taken from the Johnson home.

Mrs. Johnson told County Attorney Bill Morrison that a diamond brooch worth about \$2500 is missing, that the brooch was in her purse and that the purse was taken by Dr. Massey at the Hospital in Waco and when the purse was returned to her the brooch was missing.

Information to The Daily Herald says that Dr. Massey admits taking the brooch but will not return it. A charge of felony theft has been filed against her in Waco.

The indictments were enumerated as follows: Kidnapping on the grounds Mrs. Johnson was forcibly taken to Waco against her will; burglary because the home of Mrs. Johnson was broken into; felony theft because of the taking of valuables from the home.

Dr. Massey graduated from the high school here in 1915. She lived in the home of Mr. and Mrs. Johnson. She has retained the law firm of Camp & Camp in Cameron and Waco lawyers as well.

County Attorney Bill Morrison worked up the evidence in the case and will represent the state when the cases are tried. Dr. Massey was due to make bond and be released following the indictments here.

Harry Haraway Gets Going With Big Sale At His Auto Store

Good news for buyers and nothing less is the current sale at Harry Haraway's Western Auto Store.

Merchandising is a natural for this war veteran who came back to Cameron and took up where he left off when the fighting was over.

This week Mr. Haraway has a message of importance to the people because he is quoting article and price on hundreds of stocks in his store on West Main Street. Through a policy of consistent advertising Mr. Haraway is abundantly proving that a merchant may not only build his own business but build the community as well for merchandising makes a local market.

Jane Duncan of Ft. Worth plans to spend the week end in the home of Mr. and Mrs. Wells Smith.

During the evening a series of games were played, with prizes going to the bride.

Chicken salad sandwiches, cake and iced tea were served.

VFW Auxiliary Here Entertains Visitors At August 7 Meeting

The Ladies Auxiliary to the Veterans of Foreign Wars Ben Milam Post 2010 held its regular meeting Knights of Pythias Hall.

Two interesting and distinguished guests were present: Mrs. Arba Seon Thursday, August 7 at the well and Mrs. Hawkins, both of Temple. Mrs. Sewell is the district president of the Ladies Auxiliary to the veterans of Foreign wars, and Mrs. Hawkins is the National representative for McClosky Hospital.

Mrs. Sewell gave the report on the State Encampment which was recently held in Abilene. Mrs. Hawkins made a very instructive talk on the work which is currently being done by the Temple Auxiliary for the veterans at McClosky and outlined the plan of work which will be followed by the Cameron Auxiliary.

At the conclusion of the talks, Mrs. Sewell, as district president present-

ed a past president's pin to Mrs. Ralph Koepf.

This pin was presented by the members of the Auxiliary as a token of gratitude for her service as the first president of the Ladies Auxiliary in Cameron. After the presentation ceremony, a delightful social hour followed.

Mr. and Mrs. W. H. McFarland are spending two weeks in Fredericksburg where they will visit relatives and attend the country fair.

NOW AGREES TO TAKE IN SCHOOL CHILDREN

The City Council has reconsidered its action of last Tuesday whereby it rejected a petition signed by a majority of property owners asking admission to the limits of Cameron. Mayor A. W. McCullin made it known late Friday following a meeting of the council that the petition as originally drawn would be acceptable. The petition had to be re-circulated because the city is making an exception for one property owner who does not want to be included.

A petition was being signed Friday night for presentation. It includes all of the original territory of the one rejected except the one property owner.

The Council at its meeting on Tuesday night rejected the petition on the grounds that it wanted to get one of its own. Accordingly one was drawn and then the Council found so much opposition in the extra territory it proposed to take in, that it backed up and came around to consider the original petition.

At the meeting Friday afternoon two Aldermen opposed annexing the new territory. They are August Kunz and August Horstmann. Three Aldermen voted to take in the property owners. They are Andres, Reichert and Terry.

A division developed in the council over the lines to be run. Horstman and Kunz wanted to take in additional territory as proposed in the projected petition the Council abandoned. It is certain that the ad-

ditional territory proposed could have been annexed though the majority would have been smaller.

It was agreed that the Council has set a bad precedent in excepting a single property owner. In the future no end of trouble may develop in case any other extensions are proposed.

Meanwhile other school patrons have no relief. The territory to be annexed will bring in 10 children and a new population of 25.

Other sections of the outlying city are cut off. If the school patrons there can devise a petition that will be acceptable they may be able to solve their problems also.

Injustice is imposed by the situation for there are children who must come through the city and pass the Cameron schools to get to the Curry School.

In order to legally annex the new territory, a very limited area, an ordinance will have to be enacted by the Council and 25 new voters are added and some \$1000 or more tax money will be available to the city and schools.

Mrs. Nonnie Renfroe of Milano, accompanied by her daughters, Nonnie M. Renfroe, and Mrs. John Schaaf, and sister, Mrs. L. L. F. Some of the places of importance visited were: Barracks ruins at Old Fort Davis, McDonald Observatory, Carlsbad Cavern National Park, Painted Desert, Petrified Forest, Grand Canyon, Boulder Dam, Santa Fe, Taos and Vicinity, and Billy The Kid's Grave at Old Fort Sumner Military Cemetery.

LIGHT BALLOT FORECAST ON AMENDMENTS HERE

The voters of Texas and Milam county were going to the polls Saturday to pass upon proposed amendments to the constitution.

If interest elsewhere in the state is no more active than that being shown in Milam county the vote will be extremely light.

One section of the county may poll a fairly heavy vote and that is in the Liberty, Hanover and Marlow sections where a hog law proposal is up for decision.

Elsewhere over the county the voting will be light.

Judge Dan Tyson at the court house said that supplies were delivered to all 48 boxes in the county and so far as could be determined early Saturday elections will be held in each of the precincts.

Briefly the ballot as a whole in Milam county submits two propositions, one to re-allocate the tax rate and to take 10c from the jury and fund and place it to the credit of the road and bridge fund and the other a proposed bond issue for state schools.

To pay for these bonds a tax of 5c will be levied but taken from the flush Confederate Pension fund which now has 7c and needs only 2c.

Emory Crump of Pleasant Hill was in Cameron Wednesday on business.

Fred Folschinsky of Burlington visited in Cameron this week.

HERE'S HOW - it happens!

Yes, here's how more than 5,500 people died and thousands more were injured last year—because someone took one or two drinks, and then drove.

If you think you can drink and then drive safely you're simply courting suicide—or murder. You're drinking a toast to Death!

Statistics show that one out of every six drivers involved in fatal automobile accidents had been drinking. Drinking drivers are three or four times more likely to be involved in accidents. Tests have proved time and again that a couple of drinks are sufficient to lower a driver's reactions to the danger point. When quick action and alert judgment are demanded, the driver who has been drinking fails.

If it were only the drinking driver himself who paid the penalty, that would be bad enough. But when he cuts short the lives of other innocent people—riders in his car, occupants of other cars, or pedestrians caught by his erratic driving—that's manslaughter!

Don't smile when you read this, Mr. and Mrs. Citizen. The law operates with a heavy hand on drinking drivers. It is going to be even tougher in the future. It's serious business!

When you drink, don't drive. When you drive, don't drink!

Doris Jackson Is Given Wedding Shower

A wedding shower honoring Miss Doris Jackson, bride-elect of Frank Gelner was given by Mrs. N. E. Brown recently, on the lawn at her home.

Miss Marjorie Brown had charge of the bride's book.

A large table was placed on the lawn which held the many gifts for the honoree.

Mrs. Leo Laake and Mrs. Louis Absneider conducted a number of games with the prizes going to Miss Jackson.

Mrs. Brown served her guests chicken salad sandwiches, cake and ice punch.

The wedding will take place soon.

Mrs. F. E. Chapman Is Tendered Dinner On 75th Birthday

Mrs. F. E. Chapman was honored on her 75th birthday with a dinner, Friday, August 15, at the home of her daughter, Mrs. Pearl Whittington in Houston.

The large table was placed under the shade trees on the lawn and centered with a beautiful birthday cake. Platters of fish and baked ham with all the trimmings were served with iced tea and coffee.

The birthday song was played by Mrs. Whittington.

The following guests were present: Mr. and Mrs. J. W. Foster and A. L. Chapman all of Cameron, Mr. and Mrs. L. L. Chapman, Mrs. Pearl Whittington and daughters, Billie and Bobbie, Mr. and Mrs. H. R. Foster and family and T. F. Foster all of Houston and Doris Whittington of Austin. Photographs of the family were made.

Shirley Scarbrough Observes Birthday With Park Party

Shirley Scarbrough celebrated her 12th birthday with a party at the city park on Friday, August 22.

Sixteen friends were present and also Shirley's grandparents, Mr. and Mrs. Jimmy Young of Cameron and her aunt and uncle, Mr. and Mrs. Abner Anthis of Tucson, Arizona.

Games were conducted by Mrs. Scarbrough, Shirley's mother, after which refreshments of sandwiches, cake and iced punch was served. A lovely two-tiered yellow and white birthday cake with 12 candles was the central attraction.

After the party the group enjoyed a Theatre party. Shirley received many beautiful gifts.

Bernice Rider And Capt. Ray H. Brashear Married In Missouri

Miss Bernice Rider became the bride of Capt. Ray H. Brashear of Cameron, at noon Sunday at the home of the bride's parents, Mr. and Mrs. Frank Rider, in Warrensburg, Mo., the Rev. J. M. Shockley pastor of the Methodist church officiating. The ceremony was performed before an altar of ferns and peach colored gladioli.

The bride wore a costume of teal blue with grey hat and other accessories of grey, and a white orchid shoulder corsage. She was given in marriage by her father.

Guests for the reception were: Miss Pauline Worthington of Roswell, N. M. the maid of honor, who wore a frock of cinnamon with brown accessories and a corsage of peach gladioli. Merle Rider of Kansas City, brother of the bride, was the best man.

Mrs. Rider mother of the bride, wore a flowered jersey gown and a corsage of white gardenias. Gardenia corsages were worn by other wedding guests.

Dinner was served following the ceremony for the wedding party and guests. The centerpiece was a tiered wedding cake, circled with sprays of bridal wreath and fern and flanked by white candles.

The couple left following the dinner on a motor trip through the south, after which they will go to San Antonio, where Capt. Brashear will be stationed at the Lackland Air Base. For the trip, the bride wore a gold colored suit with brown accessories.

The former Miss Rider was reared and educated at Warrensburg, Mo., and for the past five years has been head bookkeeper at the Roswell, New Mexico Air Base. Capt. Brashear is the son of Mr. and Mrs. J. C. Brashear of Cameron. He served 15 months in the South Pacific area.

Guests at the wedding were: Lt. Col. and Mrs. Harry Coursey of Independence, Kansas, Mr. and Mrs. Clayton Allen and son of Marshall, Mrs. Ruth McNeel of Kansas City, Mr. and Mrs. Vernon Rider and children, Jack Rider and Dr. and Mrs. Shockley.—Star-Journal.

Agnes Weems Becomes Bride of Leo Plachy In Cameron August 2

Miss Agnes Weems, daughter of Mr. and Mrs. M. E. Weems became the bride of Leo Plachy of Cameron, August 2 at ten o'clock, at First Baptist Church parsonage, with the pastor, Rev. L. L. Morris reading the single ring ceremony.

The bride was attended by her sister, Miss Betty Weems who was attired in white. Raymond Krupicka, lifelong friend of the groom was best man. Others who attended the wedding were: Mrs. Albert Slovac, Marie Plachy of Austin and Jerry Plachy of Cameron.

The bride was dressed in white rayon crepe with white accessories and a corsage of pink mums.

After a wedding trip to Austin and Temple the couple are at home in Cameron where Mr. Plachy is employed with Burkes-Howard Company.

1172 BALES OF NEW COTTON AT COMPRESS

A total of 1172 bales of the new crop of 1947 cotton had been received at the warves of the Cameron Compress up to Friday night, it was revealed at the office of P. W. Davis, manager.

The new crop is being harvested rapidly due to the hot and dry weather. Just what the production figure for the county will be cannot be told at this time but the crop did not mature as the prospects indicated in early July due to failure of moisture.

Price trends were steady and the farmers are realizing a good profit from production.

Hearing Opens On Postoffice Row At Marshall

MARSHALL, Aug. 22—Complaints against supervisory personnel in the Marshall Post Office will be heard here tomorrow morning by a Senate Postal subcommittee.

Two Senators, W. Lee O'Daniel of Texas and William Langer of North Dakota, will be present. Subpoenas have been issued for a large number of witnesses.

Senator Langer was expected early Saturday morning, according to Dillard C. Rogers, subcommittee investigator who has been here since the first of the week.

Senator O'Daniel and his son, Pat, were expected Friday night.

The complaints were first investigated several months ago by postal inspectors. Chief witness is expected to be J. T. Burnell, rural mail carrier, who signed the complaints in behalf of other employees.

The complaints allege that certain operations form running smoothly. Supervisory personnel prevent office

J. E. White Accepts Vocational Agr. Job With Milano Schools
HUNTSVILLE, —J. E. White, of Riverside, who is one of the record-breaking 52 qualified Smith-Hughes vocational agriculture teachers graduated by Sam Houston State Teachers College this summer, has accepted a teaching position in the Milano high school, according to J. L. Moses, who heads the vocational education division of the department.
In operation since 1917 as one of four Smith-Hughes approved teacher training institutions in Texas, Sam Houston State had 311 men in training last year. An all-time high enrollment of 400 is expected next fall, according to Moses.

City Council Commended
The City Council is to be commended for its action in giving relief to 10 school children who want to attend the Cameron schools. The Council has taken a step in the right direction to bring in outlying territory and it is agreed that other sections of the city should be included not only because of the benefits to them and to the city and school district but for the major benefit that will accrue to students.
The Herald wishes to compliment those members of the Council who voted to annex the territory. Indications are that other sections where petitions can show a majority will receive friendly recognition from the council and this is a commendable policy.

Cloudburst Comes After Rain Plea
WINSLOW, ARIZ., Aug. 22 — The Hopi Indians staked their spectacular snake dance as a prayer for rain last night, and a subsequent cloudburst marooned 45 persons today between flooded washes.
Spectators returning from the ceremonies at the mesa-top village of Mishongnovi were trapped by flood waters on the Hopi reservation north of here.
A light airplane was to take off from here in an attempt to remove women and children. The group is without food except what they may have been carrying. Their automobiles are their only shelter.

SERVING THROUGH SCIENCE

A new kind of tire is One Year Old today!

No Tire in History Has Made Such a Dramatic Improvement in Driving.

It takes just one mile to discover what the U. S. Royal Air Ride has done for driving.

From the moment you take the wheel, you recognize a luxurious new comfort in riding...an amazingly responsive "feel" and stability in the way any car—large or small—handles. Here's why:

Softer Cushions Smooth the Bumps

The new Air Ride principle provides more air volume at lower air pressure. You ride on bigger, softer cushions of air that smooth out the roughest roads—bring new rolling luxury to every mile. And, the trim Air Ride tread makes steering easier—keeps you in instant driving command.

Air Ride Design Makes Tire History

Car-owners are buying more U. S. Royal Air Rides than any other extra-quality tire in history. The tire industry has recognized in the Air Ride tomorrow's pattern for tire performance.

But there is only one way to be sure of all the extra comfort and control the Air Ride principle brings you. See your U. S. Distributor for U. S. Royal Air Rides.

There Is Only One Air Ride— And Here's What It Does for Driving!

MORE AIR—MORE COMFORT
More air volume at less pressure gives you a smoother, air-cushioned ride.

SHORTER STOPS— STRAIGHTER STOPS
Famous "U. S." Brake Action Tread braces the tire against every skid.

PERFECT BALANCE— PERFECT CONTROL
Trim tread makes steering easier, control surer.

ROADS COOLER, SAFER, LONGER
Elimination of non-working rubber reduces heat—adds miles.

Small Car! Large Car! You'll Find New Comfort Your Very First Mile.

PLAN... your advertising

Advertising is a business builder. It is not always a spontaneous or emergency policy in merchandising.

To get the best results Advertising should be carefully planned. Better business methods contemplate advertising as a budget item, set up and based upon needs and the size of the business.

Advertising thus carefully planned and appealingly written is the most valued employee any business may engage.

Advertising to be most beneficial must be done consistently and at regular intervals. It's good for your business and it's good for your town.

CROP MATURING FAST DUE TO DRY WEATHER

Cotton, still King of crops in Milam county, but far from the economic factor it once was, upped the trade channels here this week with 773 bales of the new crop received at the warves of the Cameron Compress Company.

Most of the cotton reported up to Wednesday night was ginned in Cameron. Some outside cotton was trucked in. Cameron is a concentration point for cotton and the compress is a busy center when the crop movement reaches volume.

Dry weather has matured the crop ahead of schedule and has cut down the prospects for a normal crop. There is an acreage increase of some

20 per cent over 1946 and during the growing season the weather was favorable and insect toll was below average.

The 1947 crop should be above the 1946 figure and with the price level about the same or a little less, more money should result.

Population loss in Milam county can be attributed to failure of cotton production. Back in the 1920's the 20 year average was 56,000 bales. In those days the county had in excess of 40,000 people. Latest figures show the county now has only 25,000. Farming is done with machinery and less man power is needed but cotton still is the greatest economic benefactor in all farm production because cotton is a crop that benefits many and provides more labor than any other.

DISABLED VETERANS TO MEET SEPTEMBER 3

The Sam Tyson Chapter, Disabled Veterans will meet on September 3.

The meeting scheduled for Wednesday night was postponed because a number of the veterans were unable to attend.

The meeting on Sept. 3 will be the first to be held by the chapter which was unanimously named for the late Lieut. Sam Tyson who was killed in action while on a bombing mission over France in 1944. He was the son of Judge and Mrs. Dan Tyson.

Mrs. Jeff T. Kemp left last Wednesday morning for Houston where she joined Mrs. Rosa Kemp Adams and sister, Mrs. George Byron and Charles Kemp, son of Mr. and Mrs. L. W. Kemp, of Houston for a few weeks trip to Washington, D. C. and other interesting places in the east, and will be the guests of the former Ruth Kemp, now Mrs. William Brown and husband.

REVIEW OF SOUTHWEST CONFERENCE TEAMS

By WALLACE COLLINS

One of the main challengers for the Southwest Conference is SMU Mattie Bell's Mustangs will have one of their strongest teams in recent years. Their single wing backfield will be good with very much depending on tailback Doak Walker. Strong at wing in the SMU backfield is Frank Payne.

The fairly good line will be sparked by John Hamberger at tackle. Centers will be Frank Goodwin or Cecil Sutphin. Guards are experienced with Earl Cook, Brownie Lewis, and Claude Hill. Ends will not be too strong but Sid Halliday will take one flank.

A hard middle schedule will be tough, but the Mustangs could come through. Their schedule is: Santa Clara, Missouri, Okla. Aggies, Rice, UCLA, Texas, Texas A&M, Arkansas, Baylor and TCU.

From Colorado Trip Emory Camp's Return

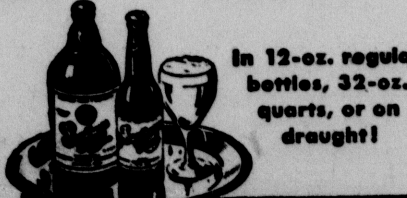

Mr. and Mrs. Emory B. Camp and their children, Emory III, Kay and James, have returned to their home in Cameron from a week's vacation trip and sight seeing tour in Colorado.

They stopped for a short visit with relatives in Roswell, New Mexico on their way out and their destination west was Colorado Springs.

When a small child, Mr. Camp, took the trip up to the crest of the great mountain on the old cog train He wanted his children to get the thrill and they did. The old train is still in operation.

They report the weather a bit cooler than others had experienced in Colorado.

Texas Newspaper Men Plan Day At Texas State Fair In Dallas

WOLF CITY, Aug. 25—Plans have been completed here for the greatest gathering of Texas press representatives and their families ever held at the State Fair of Texas on Saturday, October 4, Press and Radio Day.

Program details were worked out by State Fair officials with the aid of Paul M. Fulks, publisher of the Wolfe City Sun and president of the Texas Press Association.

Press members, long partners of the State Fair in promoting the industrial and cultural progress of Texas, will be guests at a Western-style barbecue luncheon to be served by the Odessa Chuck Wagon Club.

This will be followed by the matinee performance of "Annie Get Your Gun," starring Texas' own Mary Martin, the White Horse Revue and Hippodrome Show, and the night football game between SMU and the University of Missouri.

The State Fair of Texas, largest of the nation's 2,200 annual exhibitions and a non-profit institution devoted to Texas' progress, this year starts October 4 and continues through Oct. 19.

LIGHT VOTE AND CLOSE MARGIN ON WIN NOTED

Latest unofficial returns gathered by the Texas election bureau in Saturday's special Texas election indicated adoption of the college building amendment and the election of Clark W. Thompson and Ken Regan to congress. With 161,861 votes from 208 out of 254 counties, 37 complete, the vote for the amendment was 88,306 and 75,555 against or 54.5 per cent of the vote for the amendment.

The election bureau estimated that there were still 40,000 votes unreported and that 75 per cent of these were from counties voting for the amendment and 25 per cent in counties voting against the proposal.

Thompson, Galveston businessman and former state senator, held about a 5,000 vote lead over Louis J. Sulak, La Grange newspaper publisher and his nearest rival in the contest for the ninth congressional district seat which has been vacant since the death of Rep. Joseph J. Mansfield. With 90 per cent of the ballots counted, the vote was Thompson 15,201 and Sulak 10,667. J. C. Trahan, former mayor of Texas City was third with 4,123 votes.

In the closest contest of the election Ken Regan, Midland oil man, had a 396 vote lead over Woodrow Bean, young state representative from Ysleta, Tex., in the 16th congressional district for the unexpired term of R. Ewing Thompson, who resigned to become a federal judge.

GRAND JURY IS CALLED TO CONVENE AUGUST 25

The Grand Jury will be reconvened here on Monday, August 25 it was disclosed at the office of the County Attorney Thursday.

The Jury has been in recess and is the same as the one that recessed on July 10. The jurors were named for the May term of the District Court.

The jury will be called into session at 9 o'clock on Monday to consider cases that have arisen since the recess in early July.

The September term of the District Court will begin on the first of the month.

WACO DENTIST FACES FELONY THEFT HERE

Milam county officers with search warrants have recovered all of the valuables stolen from the home of Mrs. R. H. Johnson in Cameron early in July.

The loot was recovered in Waco. Still missing is a diamond brooch valued at \$2500 which Mrs. Johnson claims was stolen from her while she was detained in a Waco Hospital.

Articles recovered are silverware, watches, necklaces and other things it was disclosed by County Attorney W. A. Morrison.

Dr. Ola Dee Massey, woman dentist and niece of Mrs. Johnson, has been charged with kidnapping in Milam county. She is charged with having induced Mrs. Johnson to leave the St. Edwards Hospital in Cameron on July 8 on the promise that she would be taken home. Instead, according to officers, Dr. Massey took Mrs. Johnson to Waco and placed her in a hospital where she was detained without her consent. Mrs. Johnson finally got word to relatives in Cameron.

The following day Mrs. Johnson's home was entered by Dr. Massey and valuables taken. In her purse at the Waco hospital was the brooch and was missing when the purse was returned to her by Dr. Massey.

Dr. Massey maintains a lake home in Waco, offices in the Amicable building and a room in a hotel. All these places were searched and the valuables were recovered.

A charge of felony theft had been filed in Waco by officers there since the theft of the diamond brooch occurred there.

Charges of burglary and felony theft have also been filed against Dr. Massey in Milam county, as well as a kidnapping case.

Mrs. Lela Phillips of Waco who accompanied Dr. Massey to Cameron at the time the Johnson home was entered, has been charged in all cases along with Dr. Massey.

Dr. Ola Dee Massey is a niece of Mrs. Johnson. She lived in the Johnson home here as a girl and attended Cameron Schools.

Arkansas Residents To Make Cameron Their Home in Future

Mr. and Mrs. F. G. Tinker of Hot Springs, Arkansas, have moved to Cameron to make their home.

They are the parents of Mrs. Bill Morrison. Mr. and Mrs. Tinker are living in the John Muse apartment on North Fannin Avenue.

OUR TOWN—

(continued from page one)

hours later was kicked by the old gray mare. As the pig sailed into the air the dynamite exploded. "You know, we had an awful sick pig for three or four days," he said.

On the way out we stopped at the battle ground of Pea Ridge. Here the southernmost battle of the civil war was fought and some 40,000 men were engaged. Six generals were killed, one of them Ben McCulloch. A log house built in 1856 still stands as a museum. Tourists have gouged all the minnehalls out of the logs but you can still buy them for a penny each, picked up on the battlefield. Bought an old spinning wheel built in 1874.

Fort Smith is a fine town. This is the birthplace of General Douglas MacArthur whose father then a young officer, later became a Major General and helped conquer the Philippines. It was here that the Cherokee Indians came in the early days because of an exchange of territory in Tennessee for the lands that became Indian Territory, now a part of Oklahoma. When General Sam Houston, disappointed in his first white love, resigned as Governor of Tennessee, he rode out of the state at night and returned to his Cherokee friends and to his first wife, Tiana Rogers. The General gave up what many historians say was a certain destiny as President of the United States because as a bosom friend of Andrew Jackson, who made Presidents in those days, the toga was waiting. Houston came at last to Fort Smith and Marquis James says he was drunk 20 years. It was from Fort Smith that The Raven, a name give him by the Cherokee Chief, on a borrowed horse, rode away and crossed the Red River into Texas, on a mission for Andrew Jackson. Then followed the battles of the Revolution and San Jacinto and the remainder of the story is known to every school child.

It is 105 degrees here to-day. We look with longing toward Texas and we are to set out early for Texarkana, and the heat continues. As we cross the Red River we feel we are at home. There's no place on earth like Texas. The red sand hills and the pines of this section of the state are as beautiful to us to-day as the crimson peaks of the Sangre de Cristo range first beheld by the Spaniards who were searching for the Halls of Montezuma.
